

## **MSK PHYSIOTHERAPIST**

Position Available Immediately

Our busy multi-disciplinary clinic is seeking an outstanding MSK physiotherapist to join our team! This is a full-time position (approx. 40 hours); with availability for occasional Saturday coverage, as needed.

The successful candidate will work closely with our team of sport medicine physician, registered nurse, naturopathic doctors, and sport specialist chiropractors in offering a collaborative care experience to our patients.

We operate a truly collaborative environment with integration of our EMR system between all professions. This means that you can instantly see how the patient is progressing through their clinical journey. We host clinical rounds every two months and shadow each other, when possible, to allow for an environment of continual learning.

The right candidate is:

- Highly personable, clinically excellent, and eager to learn from and work with our talented group of health professionals.
- Focused on one-on-one, non-rushed patient care.
- Loves working with their hands, helping patients through a best-evidence, non-modality-centric approach.
- Is motivated to build on the referrals that are provided to you and sustain a healthy maintenance base of patients.
- Is passionate about their own athletic endeavours outside the clinic, allowing them to 'walk the walk' experientially with patients.
- Looking for their 'forever home' with an excellent work environment, terrific staff, committed patients and attractive remuneration.

Applicants with a minimum of 2 years' experience with postgraduate or orthopedic training, including Level 1 Acupuncture and/or IMS are invited to apply.
